JAG Physical Therapy Opens New Facility in Warren Township

WARREN, NJ – JAG Physical Therapy is proud to announce the addition of its newest location in Warren, New Jersey. The clinic at 34 Mountain Boulevard (Building C) in Warren Township joins the flagship JAG location in West Orange, New Jersey. JAG Physical Therapy is a comprehensive orthopedic and sports physical therapy center providing care for Workmen’s Compensation cases, Medicare patients, and general orthopedic and soft tissue injuries. JAG Physical Therapy provides a wide array of services such as physical therapy and rehabilitation, Cybex fitness and rehabilitation equipment, nutritional consultation, massage therapy, individual post-rehab programs, and the “return to sport” program.

The staff at JAG Physical Therapy prides themselves on providing top-notch orthopedic rehabilitation services for patients of all ages. The therapists at JAG have over 50 years of clinical experience. With two 3,500 square foot state-of-the-art rehabilitation facilities, JAG Physical Therapy can help you get back in the game. **Mike Evangelist** will serve as the Clinical Director.

John Gallucci, Jr., the President/Founder of JAG Physical Therapy, is one of the foremost authorities on professional and amateur athletic rehabilitation. John has served as an Athletic Trainer for many entities including: the New York Red Bulls and MetroStars (Major League Soccer), the New Jersey Storm (National Lacrosse League), and the New Jersey Pride (Major League Lacrosse). Gallucci is currently the Medical Coordinator of Major League Soccer and has served as a resource to USA Soccer, USA Wrestling, USA Lacrosse, the New York Athletic Club, and the New Jersey Governor’s Council on Physical Fitness.

Baseball Hall of Famer **Yogi Berra** is a big fan of his experience at JAG Physical Therapy, “It ain’t over ‘til it’s over, and for me it ain’t over yet. I still love to play golf, and my back was so tight I couldn’t swing a club. After a month with John Gallucci, I was able to play 18 holes six days in row. I may be 82, but I still want to play, and JAG Physical Therapy got me back on course.”

Soccer Hall of Famer and former MetroStar **Tab Ramos** concurs, “John Gallucci is truly outstanding at what he does. Trainers are always on the hot seat to get a player back into the game and John is great at expediting that process, but preventing injuries is equally as important and he always helped us take the field stretched, strong, and ready to play.”
